**INTEGRITY HOMES ANNOUNCES NEW DESIGNS TO BE OFFERED EXCLUSIVELY  
IN LOUDOUN'S PREMIER PLANNED COMMUNITY OF WILLOWSFORD**

Chantilly, VA, May 10, 2012:

---

Integrity Homes announced today the introduction of its newest collection of homes to be offered in Loudoun County's premier community of Willowsford. Designed especially for Willowsford, these homes are expected to compliment the backdrop already established in this one of a kind community.

"We are thrilled to introduce these new plans to the market and believe Willowsford is the perfect community to introduce this collection" said Principal Owner, John Dec. "These homes showcase our approach of offering unique, yet practical plans for potential homeowners looking for something fresh and new." The homes are designed to live luxuriously both inside and outside with courtyards and practical layouts tailored to how today's busy families want to live.

The addition of Willowsford is an excellent match with Integrity's business model of offering innovative homes personalized for communities in choice locations throughout the Washington Metropolitan area. We are also currently offering up-scale Brownstone townhomes and Manor homes in National Harbor, Maryland where we have earned prestigious awards being recognized as the 2011 GALA award recipient for Architecture and Design as well as being chosen as the builder showcased for HGTV's nationally syndicated Showhouse Showdown.
